

Is a 2nd Election RIGHT FOR YOU?

As a Florida Retirement System (FRS) member, you have a one-time opportunity to change from your current FRS retirement plan to the other.¹ That means you can transfer from the Pension Plan to the Investment Plan, or from the Investment Plan to the Pension Plan. Making this change is called a 2nd Election. You must be actively employed in an FRS-covered position to make a 2nd Election. Depending on which plan you're changing to, there could be an out-of-pocket cost to you. Once your 2nd Election is finalized,² you must remain in the plan you changed to until your FRS-covered employment ends and you retire.

To determine whether a 2nd Election is right for you, start with the plan you're in now. If you're not sure which plan you're in, call the MyFRS Financial Guidance Line at 1-866-446-9377 (toll-free), Option 1 (TRS 711).

How the 2nd Election Works. The present value of your Pension Plan benefit³ will become your opening account balance in the Investment Plan. This transfer amount will be "locked in" the 1st of the month following the day your 2nd Election request form is received or your online request is confirmed by the FRS Plan Choice Administrator. There is no out-of-pocket cost to you for transferring into the Investment Plan.

How It Affects Vesting. Your opening Investment Plan account balance will vest (become yours) once you have a total of 8 years of combined service credit under both FRS plans.^{4,5} If your employment ends and you take any distribution from the Investment Plan before you complete 8 years of service, you could forfeit the money you transferred from the Pension Plan. Money contributed to your Investment Plan account after your transfer will vest once you've completed 1 year of combined FRS-covered employment. If you already completed 1 year of service before completing the 2nd Election, your new Investment Plan contributions will be 100% vested.

What You Need to Do. When you change to the Investment Plan, you will need to select among the available investment funds. If you don't choose any funds, a Retirement Date Fund will be chosen for you based on your current age. Before selecting any investment funds or making an election, review the Fund Profiles, the Investment Fund Summary, and the Annual Fee Disclosure Statement posted in the "Investment Funds" section on *MyFRS.com*.

How the 2nd Election Works. To change to the Pension Plan, you have to "buy in" using your Investment Plan balance and possibly your own money from another source (which can include funds rolled over from another qualified retirement plan). Your buy-in cost is calculated as of the 1st of the month following the day your 2nd Election request form is received by the FRS Plan Choice Administrator. If you have previous Pension Plan service, the buy-in cost is a present-value calculation using all your FRS-covered service. This is called a return accumulated benefit obligation, or return ABO. If you do not have previous Pension Plan service, the buy-in cost is the total cost to provide a Pension Plan benefit up to the time of your buy-in. This is called an actuarial accrued liability. The buy-in cost increases monthly.

If your Investment Plan balance doesn't cover your buy-in cost, you will receive a notification letter stating the amount you owe. Your payment will be due within 60 days.

If your Investment Plan balance is greater than your buy-in cost, the surplus will remain in the Investment Plan. You will continue to manage your Investment Plan account as you did before, but this money will not be available to you until you retire and begin receiving your Pension Plan benefit.

How It Affects Vesting. You will be vested in the Pension Plan upon completing 8 years of service.^{4,5} The years of service you completed while in the Investment Plan will count toward this vesting requirement.

What You Need to Do. Once you change to the Pension Plan, there is nothing more you need to do. You will not need to choose any investment funds.

How to Make Your 2nd Election

You must be actively working in an FRS-covered position at the time your form is received or your online election is confirmed by the FRS Plan Choice Administrator. For example, if your last day of work in an FRS-covered position is July 1 (whether you terminated voluntarily or were forced to terminate FRS-covered employment), your request must be received or confirmed prior to 4:00 p.m. ET on July 1. If you are on an unpaid leave of absence or if you are an employee of an educational institution on a summer break, you cannot use your 2nd Election until you return to work.
