Important Rollover Information:

The following types of retirement plans and/or distributions are **not eligible** to be moved into the FRS Investment Plan:

1. **Roth IRA:** You can only transfer/rollover assets from a Roth IRA into other Roth IRAs.
2. **Payments Spread Over Long Periods of Time:** You cannot move a payment if it is part of a series of equal (or almost equal) payments made at least once a year and lasting for: your lifetime (or your life expectancy), your lifetime and your beneficiary's lifetime (or life expectancies), or a period of 10 years or more.
3. **Required Minimum Payments:** Beginning in the year you reach 70½, a certain portion of your payment cannot be moved because it is a required minimum payment that must be paid to you. However, once you have received the required minimum payment for a particular year, you may move the remainder of your retirement plan account into the FRS Investment Plan. (You will be required to continue receiving the required minimum payments from your FRS Investment Plan.)
4. **Emergency or Hardship Withdrawals:** Emergency (from a 457 plan) or hardship (from a 401 or 403(b) plan) withdrawals cannot be moved to the FRS Investment Plan.

You must complete the rollover deposit within 60 days of receiving the assets to avoid paying income taxes and a potential early withdrawal penalty. The Eligible Rollover Deposit is a one-time plan transaction separate from your current FRS Investment Plan. **Once you roll over eligible retirement monies into the FRS Investment Plan, you cannot receive any distributions of these funds (or your Investment Plan account balance) while you are actively employed and you have terminated all FRS-covered employment for 3 calendar months. You may be eligible to withdraw a one-time distribution of up to 10% of your Investment Plan account balance one calendar month following the month of your termination if you meet the normal retirement requirements for the FRS Investment Plan.**

Required Documentation

In addition to this form, you must provide documentation that shows the rollover contribution is eligible to be rolled into the Plan. If documentation is not provided, it will be necessary for you to submit additional information. To show that the rollover is from an eligible plan and can be rolled into the plan, send a copy of the distribution statement/payment confirmation, IRS Form 1099-R, or letter that you received from your prior employer plan or IRA showing your distribution. This documentation should include:

- Plan Name
- Gross distribution (total amount of payment before deductions)
- Taxable amount (portion of the payment that will be taxable to you when you withdraw it from the plan)
- Federal withholding (taxes withheld from the payment)
- Date of distribution (required if you are doing an indirect rollover)
- Contributions you deferred as after-tax and/or Roth, if applicable

Provide only copies -- do not submit any original documentation (except for this form). Documentation submitted for rollover processing cannot be returned to you.
