

How to Read Your Quarterly

# INVESTMENT PLAN ACCOUNT STATEMENT

Revised June 2022

# HOW TO READ

## Your Quarterly Investment Plan Account Statement

Every quarter, your Florida Retirement System (FRS) Investment Plan Account Statement provides information you need to know about your retirement account. This guide shows you how to read the Statement and explains the information in each section.

The following pages show a sample Statement with circled numbers that correspond to an explanation.

Your Statement includes information about:

- Your current account balance (and how your account has changed during the quarter).
- The contributions made to your account (where they come from and how they're allocated).

Use your quarterly Statement as a gauge for measuring your financial future. Are you on track? Experts say you'll need 70% to 90% of your preretirement income to enjoy the lifestyle you had before retirement. But how do you save that kind of money for the future while managing today's expenses?

Fortunately, as an FRS member, you have access to the experts. Make sure you take advantage of the online ADVISOR SERVICE and MyFRS Financial Guidance Line for free, unbiased financial guidance. Your MyFRS Financial Guidance Program provides all the resources you need to monitor your investments and keep them on track with your retirement objectives.
