Your MyFRS.com Account Has Been Updated with New Features

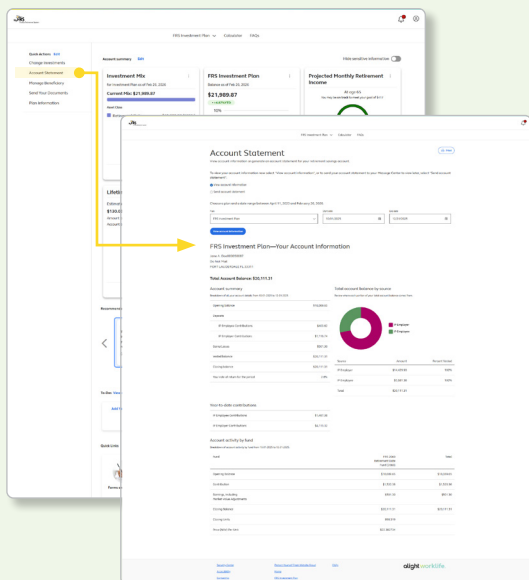

To make it easier to manage your Investment Plan account, we've recently updated the "Investment Plan" section when you log in to your account on [MyFRS.com](https://myfrs.com). You will now see a more consistent look and feel across the pages, with improved responsiveness.

Here are some of the changes that were implemented:

- The former "For You - Data Card" section was replaced with the "Account Summary" section on the homepage.
- The size of the data cards, as well as the color scheme, have been changed so that they emphasize key information about your Investment Plan account.
- The layout was changed to provide a better design flow with banners and recommendations.
- You now can hide sensitive information using the option in the "Account Summary" section of the homepage.

With quick access from the homepage, the Account Statement features:

- Summary of Plan Accounts
- Contributions
- Balances by Source
- Detailed Activity by Fund

You will also have access to Online Account Statements. This enhancement allows you to view a streamlined version of the Account Statement without the need to go to your Secure Participant Mailbox.

You can see a snapshot of these improvements in the sidebar on the left. You can also log in to your account on [MyFRS.com](https://myfrs.com) to view the updates. If you have any questions, you can speak with a representative of the Investment Plan Administrator by contacting the MyFRS Financial Guidance Line at 1-866-446-9377, Option 4 (TRS 711).

Quarterly Fund Performance Summary

This quarterly fund performance summary gives you a quick update on the performance of the Investment Plan's investment funds. Before you select any investment funds, you should also review the fund profiles, the Investment Fund Summary, and the Annual Fee Disclosure Statement posted in the "Investment Funds" section on MyFRS.com. The asset class descriptions below are general in nature and should not be relied on as your sole source of information regarding these funds.

Asset Class

An asset class is a group of similar investments whose values react in the same basic way to changes in the economy. The Investment Plan's funds are spread across five asset classes: stable value funds, inflation protection funds, bond funds, U.S. stock funds, and foreign and global stock funds. There can be a risk in holding a large portion of your account balance in a single fund or asset class. According to investment experts, a good mix of investments (a strategy known as "diversifying") can help you control your risk and improve your returns. Additional information about investing and diversification can be found on the U.S. Department of Labor's website at dol.gov/agencies/ebsa/laws-and-regulations/laws/pension-protection-act/investing-and-diversification.

Stable Value Funds

These funds invest in fixed income securities and wrap contracts offered by banks and insurance companies. Wrap contracts generally provide a protected return even if the underlying investments decline in value. Stable value funds focus on the preservation of capital, retaining the value of your investment regardless of what stock or bond markets are doing. Stable value funds are not FDIC-insured or guaranteed.

Inflation Protection Funds

These funds invest in a diversified array of assets that may help offset inflationary pressures. These assets include but are not limited to U.S. Treasury inflation-linked securities, commodities, real estate investment trusts, natural resources, and other securities. The funds seek long-term real (net of inflation) returns to preserve the future purchasing power of accumulated assets. You could lose money over short or long periods by investing in this fund, and returns may not keep pace with inflation.

Bond Funds

These funds invest primarily in bonds, which are like IOUs: a company or government agency borrows money and pays it back with interest to the bondholder (the entity making the loan). The quality of a bond is reflected in the credit rating of the company or agency that issues the bond.

The short-term risk of bond funds is relatively low; however, over time, the value of a bond is affected by interest rates, inflation, and other factors. When inflation or interest rates go up, the value of bonds goes down because they pay a fixed rate of interest and the market may see other investments as being more attractive. Therefore, bonds and bond funds don't always protect the value of your retirement savings against inflation.

U.S. Stock Funds

These funds invest primarily in equity shares or stocks issued by U.S. companies. The short-term risk of stocks has been much higher than bonds. However, over longer periods of time, stocks have generally experienced higher returns than bonds, which is one of the main reasons that stocks are typically recommended for retirement investing. Some risk is necessary to achieve long-term investment growth.

Foreign and Global (Foreign and U.S.) Stock Funds

Foreign stock funds invest primarily in equity shares or stocks issued by foreign companies in stock markets outside the U.S. Compared to U.S. stocks, foreign stocks are affected by additional risk factors, such as foreign laws and regulations, differences in accounting practices, political risk (foreign governments are sometimes unstable), and currency risk (differences in the relative value of domestic and foreign money).

Global stock funds invest in both U.S. and foreign stocks. Over the long term, foreign and global stocks have not experienced as high a return as U.S. stocks, but they have provided diversification benefits.

Retirement Date Funds

Each Retirement Date Fund is a diversified portfolio of FRS Investment Plan investment managers and uses an asset allocation concept called "target date funds." The mix of funds in each Retirement Date Fund is based on the amount of time you have before retirement, and the mix gradually changes as you approach retirement. This gradual change follows a careful investment strategy called a "glide path." Each Retirement Date Fund's glide path was developed for the FRS by a global investment consulting firm and a fiduciary to the FRS. Retirement Date Funds don't fall into just one asset class. They invest in multiple asset classes, which makes them good for "one-stop shopping."

Self-Directed Brokerage Account

The self-directed brokerage account (SDBA) does not fall into any single asset class. That's because the SDBA allows you to invest in thousands of different investments in addition to the Investment Plan's primary investment funds. The SDBA is not suitable for all members, and you assume the full risk and responsibility for the investments you select. Additional information on the SDBA is available in the "Investment Funds" section on MyFRS.com.

Strategy

Passively managed funds try to match the returns of a market index (such as the Russell 3000 index) by buying and holding the same securities as the index they're trying to match. Actively managed funds try to beat a market index.

Annual Fees

These are the current fees the fund charges to cover its management, operating, and marketing expenses. These fees are based on a percentage of your account balance and they are deducted from your account balance. The fees shown are based on a \$1,000 investment in that fund.

Long-Term Fees

The total fees that would be charged for a \$1,000 investment held for 10 years, based on current annual fees.

Performance Benchmark (PB)

A performance benchmark allows you to see how well the fund is doing relative to the performance of the market sector it is trying to beat. Note that index funds are designed to approximate the returns of their benchmarks. Benchmarks do not have costs.

Total Index

A total index is a combination of all the market benchmarks in each market sector and is based on the asset amounts of each fund in each market sector.

Performance Summary as of March 31, 2026

	STRATEGY	FEES PER \$1,000		PERFORMANCE ¹

¹ The performance information presented reflects past performance, net of fees, which is not necessarily an indication of future performance. The most recent quarter, 1-, 5-, and 10-year performance returns are shown, if available.

² Fees are only one of several factors that you should consider when making investment decisions.

³ Not annualized.

⁴ The FRS 2065 Retirement Date Fund was initially open for investments on July 1, 2023. One- and five-year performance shown is for the FRS 2060 Retirement Date Fund which has the same investment allocation.

⁵ The FRS 2060 Retirement Date Fund was initially open for investments on July 1, 2017. One- and five-year performance shown is for the FRS 2055 Retirement Date Fund which has the same investment allocation.

⁶ The FRS Stable Value Fund was initially open for investments on July 1, 2021. Past performance shown is based on the investment allocations as if they were held over the past five years prior to July 1, 2021.

⁷ The following applies to the FRS U.S. Stock Fund with an inception date of July 1, 2020: 1.) the five-year history, if available, is considered the return since inception; and 2.) one-year and five-year historical performance is based on the target weight of the underlying managers/funds that would have been in place if the funds had been in place during these time periods.

⁸ Effective April 1, 2024, the FRS Core Plus Bond Fund (310) name changed to the FRS Diversified Income Fund (310), and the benchmark name changed to reflect decreased bond assets and an allocation to real estate.

⁹ Effective April 2024, Dodge & Cox was added as a second manager to the fund.

¹⁰ Effective August 1, 2025, Stable Value Benchmark was the ICE BofA US Treasuries 1-3 Yr as of July 1, 2021 and is now the FTSE Treasury Bill 3-Month.

All Investment Plan funds (except the FRS Stable Value Fund) are subject to the Excessive Fund Trading Guidelines, which may limit your ability to make investment changes. The guidelines are available on the "Investment Funds" page of [MyFRS.com](https://myfrs.com).

This performance summary is intended for use in connection with the FRS Investment Plan, pursuant to Florida law, and is not intended for use by other investors. Sections 121.4501(8)(b)4 and 121.4501(15)(b), Florida Statutes, incorporate the federal law concept of participant control, established by regulations of the U.S. Department of Labor under Section 404(c) of the Employee Retirement Income Security Act of 1974. If you exercise control over the assets in your Investment Plan account, including the self-directed brokerage account, pursuant to Section 404(c) regulations and all applicable laws governing the operation of the Investment Plan, no program fiduciary shall be liable for any loss to your account that results from your exercise of control.

2026 Legislative Update

The 2026 Florida Legislative session was set to end on March 13, 2026. However, a special session of the Florida Legislature is now scheduled to take place in April 2026. To keep up with any retirement-related bills during the 2026 session, visit [MyFRS.com](https://myfrs.com) and click “Legislation” in the “Recent News Articles” section.

Keep Your Beneficiaries Current

Please be sure to keep your beneficiaries current so your benefits (if any) are passed to your named beneficiaries upon your death. You have four options for submitting your beneficiary information:

1. By using the Online FRS Investment Plan Beneficiary Designation form (myfrs.com/imageserver/IPBForm.htm) (accessible without login).
2. By logging in to [MyFRS.com](https://myfrs.com) and clicking “Investment Plan,” then clicking on the “profile”  icon on the top right of the page, then selecting “Beneficiaries” from the dropdown menu.
3. By mailing or faxing an FRS Investment Plan Beneficiary Designation form (IPBEN-1) (myfrs.com/pdf/forms/ip_beneficiary.pdf) to the Investment Plan Administrator.
4. By calling the MyFRS Financial Guidance Line at 1-866-446-9377, Option 4 (TRS 711).

Keep Your Investment Plan Account Profile Current

Regularly reviewing and updating the personal details in your Investment Plan account profile ensures that your account remains accurate and up to date. It will also ensure a smoother distribution process once you're eligible for a distribution.

You can log in to your account on the [MyFRS.com](https://myfrs.com) website or contact an Investment Plan Administrator customer service representative to help review your account profile. After updating your profile information (name, address, banking information, etc.), you will receive confirmation that your changes were completed. **For security purposes, updates to your account will trigger a 10-day waiting period before you can request a distribution.** Make it a habit to confirm these details at least annually or whenever there are significant changes in your life.

To speak with an Investment Plan Administrator representative, call the MyFRS Financial Guidance Line at 1-866-446-9377, Option 4 (TRS 711).

Outside Data Aggregators

The required use of multi-factor authentication (MFA) on [MyFRS.com](https://myfrs.com) has limited the ability of outside financial institutions and personal financial software from utilizing data aggregation to automatically access Investment Plan account information. The State Board of Administration (SBA) believes that the privacy and security of FRS members' data is essential. We understand the value of data aggregators in consolidating account information in one location but we consider the protection of FRS members' data to be even more essential.

Multi-Factor Authentication Boosts

MyFRS.com Security

Multi-factor authentication (MFA) on [MyFRS.com](https://myfrs.com) is a security requirement for logging in to your account on [MyFRS.com](https://myfrs.com). Requiring you to enter a random, six-digit code sent to you by email or text message gives your account an added layer of security. If you have forgotten your [MyFRS.com](https://myfrs.com) User ID or password, you can retrieve these credentials by clicking on the “Forgot Login?” button on the login page and securely verify your information to retrieve your login credentials.

If you have any questions, contact the MyFRS Financial Guidance Line at 1-866-446-9377, Option 1 (TRS 711) and speak with an EY financial planner for assistance.

Attend Our Free 2026 Financial Planning Workshops

The following live workshops are free and unlimited for FRS members. You may attend as many workshops as you wish, either in person in Tallahassee or via Zoom.

April 13	Using the FRS to Plan for Your Retirement	10:00 a.m. to Noon
April 13	Taking Control of Your Finances (90 minutes)	1:00 to 3:00 p.m.
April 14	Protecting Yourself and Your Loved Ones	10:00 a.m. to Noon
April 14	New Employee Retirement Plan Choice	1:00 to 3:00 p.m.
July 28	Taking Control of Your Finances (60 Minutes)	10:00 a.m. to Noon
July 28	Investment Planning	1:00 to 3:00 p.m.
July 29	Education Planning	10:00 a.m. to Noon
July 29	Understanding the FRS Investment Plan	1:00 to 3:00 p.m.
November 9	Social Security and Your Retirement	10:00 a.m. to Noon
November 9	Understanding Your Benefits Under the FRS Pension Plan	1:00 to 3:00 p.m.
November 10	Nearing Retirement in the FRS	10:00 a.m. to Noon
November 10	Group Health Insurance (state employees & state college employees only)	1:00 to 3:00 p.m.
ALL TIMES ARE ET		

To register:

By phone:

1-866-446-9377, Option 2 (TRS 711)

Online:

- Go to the [workshop calendar](https://myfrs.com/WorkshopCalendar.htm#employee) at myfrs.com/WorkshopCalendar.htm#employee.
- Locate the employee workshop you want to attend (in-person or via Zoom), then register.
- You will receive a confirmation email after registration. Zoom registrants will receive a reminder email the day before the webinar.

You must register separately for each workshop you plan to attend.

Two Ways to Protect Your Retirement Income

Lifetime income guarantees and qualified longevity annuity contracts (QLACs) are two solutions from MetLife that allow you to convert some or all of your Investment Plan balance into payments to you for your lifetime or payments to your survivor after your death.

The quotes below assume a \$100,000 Investment Plan balance as of March 31, 2026, for a 65-year-old female. Joint & Survivor payments assume the chosen survivor is a 65-year-old spouse. Your actual quotes may vary based on your individual data and other circumstances. Please note that other payment options and features are available.

	Lifetime Income Guarantee Payments begin at age 65	QLAC Payments begin at age 75
Single Life — lifetime payments to you	\$616	\$1,428
Joint & Survivor — lifetime payments to you that continue to be paid to your survivor after your death	\$539	\$1,089

To learn more about these options, or to purchase one, call the MyFRS Financial Guidance Line at 1-866-446-9377, Option 2 (TRS 711). Or, visit myfrs.com/MakeYourMoneyLastaLifetime.htm for additional resources. To locate the online quoting tool, click on the “Retirement Income Center” tile.

How Can I Get My PIN for My Account?

You have the option to receive a PIN reminder either by text message or U.S. mail. If you want to receive your PIN by text message, you will need to verify your identity on the [PIN Reminder](#) page on [MyFRS.com](https://myfrs.com), successfully answer security questions, and have your mobile phone number verified. If you pass these three tests, we will immediately text the PIN to you. If you do not pass, the only option will be to receive the PIN by U.S. mail.
